From the Earth to the Moon

From the Earth to the Moon (French: De la Terre à la Lune) is a humorous science fantasy story written in 1865 by Jules Verne and is one of the earliest entries in that genre. It tells the story of three well−to−do members of a post−American Civil War gun club who build an enormous sky−facing columbiad and ride a spaceship fired from it to the moon. (Summary from Wikipedia)

Note: From the Earth to the Moon ends in a bit of a cliffhanger. The story continues with Round the Moon, which is in the catalog.
